## Why We're Teaming Up Today

- **For accountants and bookkeepers:** Detailed data entry is tedious, time-consuming, boring, and it's easy to make errors that make you look bad!
- **For company owners:** You depend on fast, accurate data in your management reports, and employee time normally represents one of your biggest investments!
- **Financial perspective:**
  - ✓ You're spending **dollar\$** in return for **accurate, timely, actionable information**.
  - ✓ **Slow, erroneous, lagging** data entry means **you can't rely on** up-to-the-minute, reliable decision-making information!
  - ✓ Gathering the **right approvals can chew up even more time.** ☹️
  - ✓ When approved Bills aren't paid on a timely basis, **vendors can become difficult...**
